BRIAN ONYANGO EZEKIEL

AI EVALUATION & RED TEAMING SPECIALIST

+254 700911507 | Nairobi, Kenya | brianonyango229@gmail.com

ABOUT ME

AI evaluation specialist with hands-on experience in LLM red teaming, multilingual data annotation, and customer operations. Currently designing adversarial safety evaluations for frontier AI agents while supporting AI annotation workflows. Background spanning AI, healthcare, logistics, and digital services — calm, precise, and at home in remote-first teams.

EDUCATION

2022 – Present
Kirinyaga University

B.Sc. Computer Science (in progress)
Coursework in programming, information systems, and database management, building toward a career in AI systems and data.

2024
Coursera

Google Data Analytics Certificate
Data cleaning, analysis, and visualization with spreadsheets, SQL, Tableau, and R.

2022
Green Africa Global Foundation

Certificate in Computer Studies (Distinction)
Computer packages, internet research, and digital productivity tools.

2018 – 2022
Kisumu Boys' High School

Kenya Certificate of Secondary Education (B Plain)
Graduated with a B plain, the foundation for university computer science studies.

EXPERIENCE

Nov 2026 – Present
Alice Collective (Alice.io)

Freelance AI Red Teamer
Design adversarial prompt-injection tasks that test whether AI agents can be manipulated into policy violations; tasks are used to post-train frontier models. Author YAML scenarios with personas, injected attacks, verifiers, and rubrics on the AgenticVerse platform, validating each against state-of-the-art models.

2026 – Present
Multimango (RWS)

AI Annotator
Review text-to-speech and conversational AI outputs for quality and guideline adherence across multilingual datasets. Apply annotation rubrics consistently and document labeling decisions to support model improvement.

Jun 2024 – Sep 2025
Powwater Ltd

Operations & Driver Assistant
Coordinated delivery operations and dispatch schedules in real time; analyzed order data to fix bottlenecks and optimize workflows, driving a 15% increase in repeat orders within two months.

Nov 2023 – Feb 2024
Executive Dental Clinic

Front Desk Receptionist
First point of contact for patients: scheduling, follow-ups, and insurance coordination. Maintained accurate digital patient records with strict privacy compliance.

2023
Glorious Cyber Café

Cyber Café Technician
Supported the public with e-Citizen services and trained walk-in customers in computer basics, from scanning and printing to email and document formatting.

SKILLS

- LLM Evaluation
- Red Teaming
- Data Annotation
- YAML
- SQL Basics
- MS Office
- E-Citizen
- Tableau
